D SCHOOL OF BUSINESS: DECODING DISRUPTION IN THE BUSINESS OF WORK & LIFE

To break the conventional teaching method and management study programs in India, Pearl Academy and London School of Business & Finance (LSBF), UK have come together to launch the D School of Business (DSOB).

The future of business is **Disruption, Design & Digital**. We're open to outstanding and diverse learners who're problem solvers, adaptive, empathetic and are willing to meet any challenge.

Beside gaining deep insights into business, students get mentored by industry giants, gain real-time learning experience by navigating workplace situations, learn corporate etiquette and futuristic workplace skills like agility, collaboration, design thinking, and reasoning.

■ CHOOSE THE UNCONVENTIONAL OVER CONVENTIONAL

DISRUPTION - Creation needs destruction. This school destroys all myths, taboos and conventions of business education and presents a disruptive model for tomorrow.

DESIGN THINKING - An approach that brings creativity, design thinking and innovation to solve complex problems. A school that connects hearts and minds.

DIGITAL - Unfolding the digital ecosystem with transformation, social media, digital marketing and significantly, a digital mindset as a way of life.

COLLABORATION WITH LSBF, UK:

London School of Business & Finance, UK will be the academic quality partner with D School of Business providing critical inputs in development of academic quality systems with respect to the curriculum and pedagogy of all DSOB programs.

Opportunity to learn global higher education module with LSBF | Course validation and inputs in curriculum design | Master Classes

WHY STUDY PGDM PROGRAM AT D SCHOOL OF BUSINESS:

START-UP SUPPORT

- Our Runway program offers funding and support for students who want to start their own start-up.
- Mentoring sessions along with an advisory committee which enables aspiring entrepreneurs to realize their ideas into reality.

CEO & FOUNDER MENTORING

Renowned CEOs and Founders of successful businesses will be mentoring students, imparting their experience of transforming business models and will share the wisdom of running organizations.

UNMATCH GLOBAL EXPOSURE

Opportunity to engage with the top faculty members from our global academic partner universities.

LIFE SKILLS TRAINING

Students are trained to hone essential life skills such as communication, networking, leadership, negotiation, presentation, and many more that are important for making a mark at professional workplaces.

INDUSTRY IN CLASSROOM

We believe that the best form of experiential learning is Industry Connect and D School of Business has formalised collaboration with the industry in the areas of curriculum development, teaching and learning, research and development, consultancy as well as securing suitable industrial placements for students which has become the school's core value.

We at D School of Business strongly believe in 'practice makes a man perfect' philosophy. Hence we ensure that practice meets theory across all functional areas, by creating opportunities for students to interact with industry leaders throughout the year.

Experiential learning at DSOB:
